**Location:** Punta Sayulita Beach House  
Sayulita (On the beach next to Don Pedro's)

Punta Sayulita invites you to attend a screening of the critically acclaimed documentary movie, ***The End of the Line***.

Humans have long regarded the world's oceans as vast and inexhaustible. Now, we have learned otherwise.

Based on the critically acclaimed book by Charles Clover, ***The End of the Line*** charts the devastating ecological impact of overfishing by interweaving both local and global stories of sharply declining fish populations, including the imminent extinction of the bluefin tuna, and illuminates how our modern fishing capacities far outstrip the survival abilities of any ocean species. Scientists explain how this depletion has slipped under the public radar and outline the catastrophic future that awaits us an ocean without fish by 2048 if we do not adjust our fishing and consumption practices.

An alarming call to action that is already changing the world, the film narrates an escalating global crisis that can only be avoided by recovering and sustaining the incredible vitality of the sea. Beyond detailing the issues at hand, ***The End of the Line*** outlines the solutions, motivating supermarkets, restaurants and individuals to take the necessary steps to save the ocean. Now you can join them.
